

Algarve/Portugal Private self drive tour 2017

After visiting most of the Mediterranean countries we had not been to Portugal. Our time frame (10 days) did not allow us to see a lot of the country so we thought staying in one of the best known areas would be the option for us. The Algarve has something to offer for everyone. Most people come here for the beautiful beaches, water sport, playing golf or just to enjoy the beautiful local food. We decided to rent a car to discover a little bit of the history and the culture and of course to see the beautiful scenery the Algarve has to offer. As our "base camp" we used the Boutique Hotel Vivenda Miranda close to the beautiful city of Lagos. Vivenda Miranda Hotel

★★★★+ (out of 5 stars)

From the hotel's own website: Set in a very tranquil location, with ample gardens and beautiful pool area overlooking Porto Mos beach, the setting of Vivenda Miranda is unbeatable. Ocean views are yours to enjoy from breakfast on the terrace, relaxing by the pool during the day or enjoying some delicious and healthy al-fresco dining. Former private home of a 17th century noble family, Vivenda Miranda breathes truly individual design. Just 25 rooms and suites are styled in either traditional Portuguese or contemporary bohemian chic design.

Our verdict: Boutique Hotel Vivenda Miranda is a beautifully located cliff top resort. We liked the well sized rooms equipped with everything we needed. All rooms have lovely indoor and outdoor sitting areas, the beds are very comfortable and all rooms and suites have a different design and are nicely decorated. The pool and the fitness room are very well looked after. We loved the mostly organic food in the restaurant and enjoyed the music performances during or after our dinner. Sunset was always spectacular. Our dietary requests had been looked after very well. Parking was sometimes a bit difficult but nothing to worry about.
